

# ETAG Corporation Contract Operations

## Contract Operations Benefits:

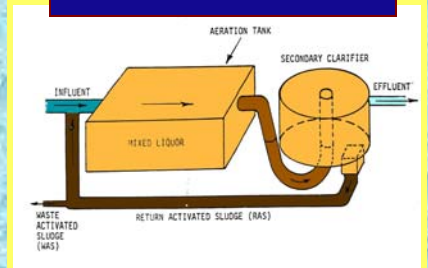

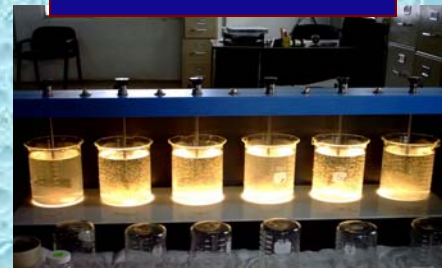

- Increase your **TEAM** expertise. You will add technical resources to your group.
- Special attention to your plant needs. This is what we do in ETAG everyday.
- Cost-effective alternative, 98% of the time we can provide you with several good options so you can select according to your needs.
- Forget worrying about how to cover your operators vacations, sick leaves, training, certification, etc. We will take care of the personnel.
- A completely technical approach founded in scientific data to be developed by operator and focused in quality control and compliance.

DRINKING WATER

WASTEWATER

ETAG Corporation have one of the best technical staffs in Puerto Rico which includes chemists, engineers, field supervisors, technical writers, certified operators, environmental specialists and several external resources that complement the group. We actually operate twelve (12) treatment plants under Contract Operations, mostly industrial. Where most of the companies do not dare to work due to strict requirements, we are the best.

Give us a call, we can evaluate your needs and provide you with a “tailor fit” quote for your needs. References can be provided upon request along the process.
